

Giving Fund Succession Plan Letter of Advisement

In the event of your death or incapacity, or the termination of your organization, you may wish to provide TCRF with a “succession plan” for the Giving Fund you have established. There are four ways to divide the remaining assets in the Fund, and you may select any one of these, or a combination of some or all. Combinations must total 100% in the far right column. If you do not list percentages in Section A, below, TCRF will accept advice from one or all of the Successor Advisors on your current Fund. If you do list percentages, a new Fund(s) will be created for the individual(s). In expending or distributing Fund assets after the Donor’s death, TCRF will consider the latest dated written instrument of advisement (whether by letter of advisement (such as this), will or other instrument) that TCRF receives and acknowledges receipt and that addresses the expenditure or distribution of Fund assets. This letter of advisement (and any future advisements) should be delivered to TCRF during Donor’s life, when possible.
